Atlantic City Campus; 3711 Atlantic Avenue, Atlantic City, NJ 08401

Stockton University and Atlantic City have forged a supportive, cooperative relationship and on this occasion, we would like to help local citizens who are interested in getting into the New Jersey cannabis industry. This dynamic industry is poised to expand rapidly, and we want to provide cannabis resources and information to city and state residents.

Participants can stop by between the hours of 11 am and 3 pm and will have access to the following free services and information:

- Legal advice focusing on cannabis conviction expungements and other legal issues which may impact your ability to participate in the cannabis industry
- Seminars focusing on the different cannabis licenses that are available, application requirements, and other tips and resources
- General cannabis information provided by Stockton University cannabis professors

We are also pleased to announce that some representatives of Atlantic City's Municipal Government will be on hand as resources, too.

**Please join us and remember that Atlantic City is open for and welcomes cannabis businesses and Stockton University is your educational resource of choice!**
